Electric Duct Heaters

Silencers & Acoustic Panels

Louvers

Controls

- **Analog Electronic Controls**

- **Pneumatic Controls**

Direct Digital Controls - Networked (BACNet) or Stand-Alone

- **BAC-8000 Series** *SimplyVAV*, Pre-programmed for all basic VAV box control strategies

- **BAC-9000 Series** *Conquest*, BACnet VAV Controller-Actuators

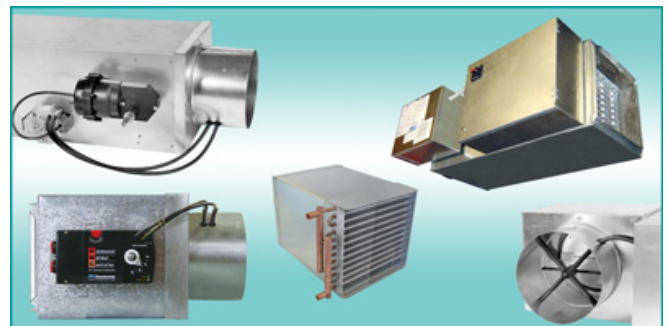

Hot Water Coil Valve Packages

- **AVP** VAV Piping Packages

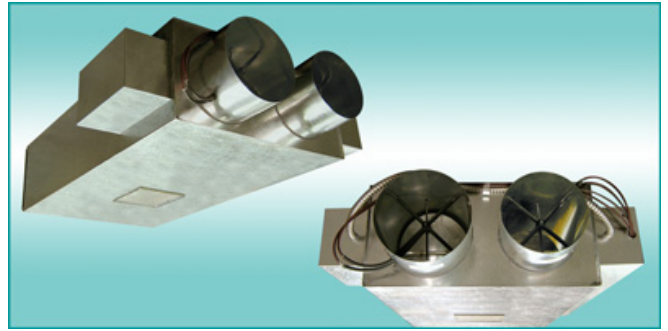

Single Duct Terminals

- **EZT** Single Duct Air Terminal

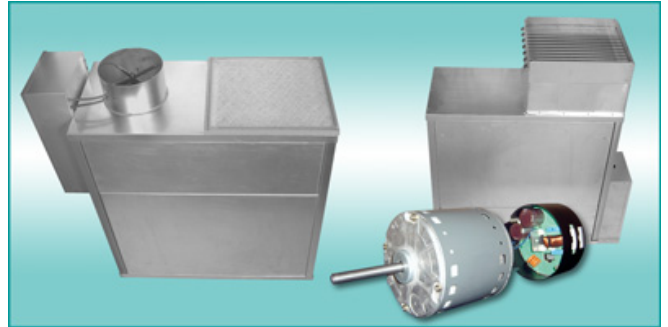

Dual Duct Terminals

- **DU** Dual Duct Air Terminal

Fan Powered Terminals

- **QST** Series Air Terminal
- **EST** Series, Energy Smart - ECM
- **QPT** Parallel Air Terminal

Critical Space Terminals

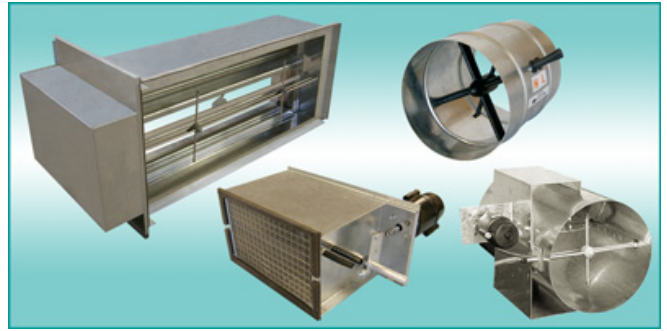

- **XAFT** Exhaust Valves
- **XEZT** Exhaust / Return Air Terminal

Retrofit Kits & Valves

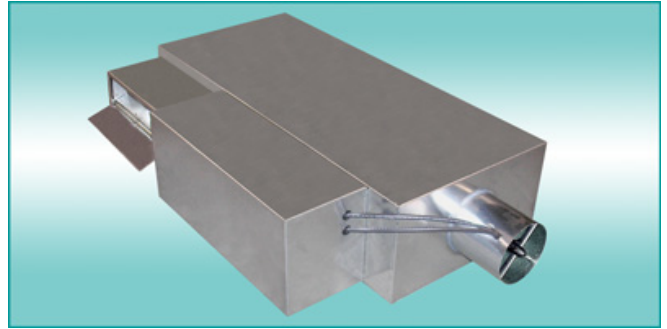

- **RF-1** External Retrofit Kit - Damper Only
- **RF-3** External Retrofit Kit with Damper & Flow Sensor
- **RF-6** Flow Sensing Station and Controller
- **RF-7** Flow Sensing Station

- **RF-8** Internal Retrofit Kit for Single & Dual Duct Air Terminals
- **RF-11** Internal Retrofit Kit, Slide-In Unit
- **RF-13** Internal Retrofit Kit for Titus Air Terminals

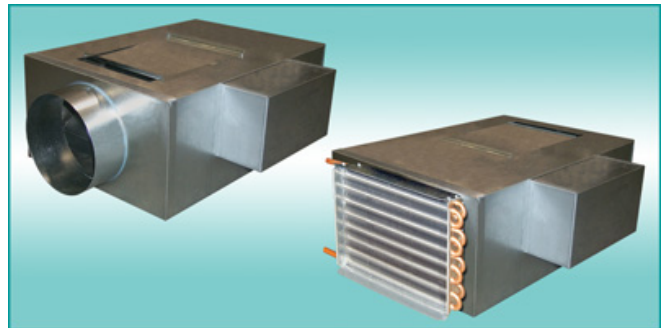

Jet Induction Terminals

- **HVI** Jet Induction Air Terminal

Bypass / Relief Terminals

- **RME** Bypass / Relief Air Terminal

Air Control Valves

- **VCD** Volume Control Damper

Louvers

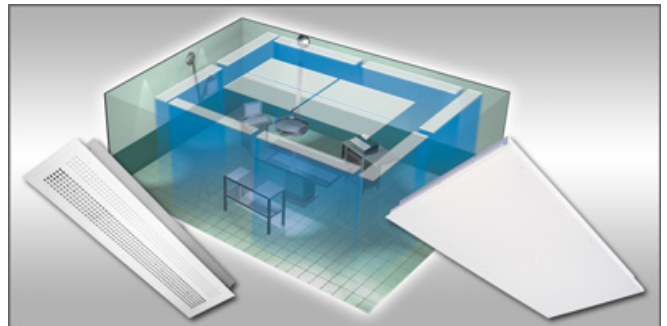

Laminar Flow Diffusers

- **MV-2** Dual Chamber – V-Basket Distribution
- **MV-3** Dual Chamber – Perforated Baffle
- **MV-HEP** Dual Chamber with HEPA Filter
- **MV-1** Single Chamber

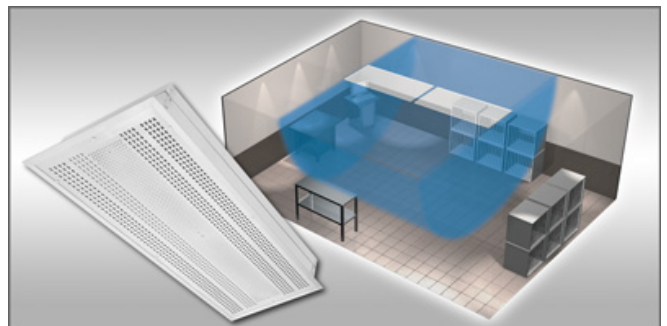

AORTA - Anemostat Operating Room Theater Air Distribution System

- **AORTA** Anemostat Operating Room Theater Air Distribution System
- **MVC** Perimeter Air Curtain
- **MVCF** Perimeter Air Curtain with HEPA Filter

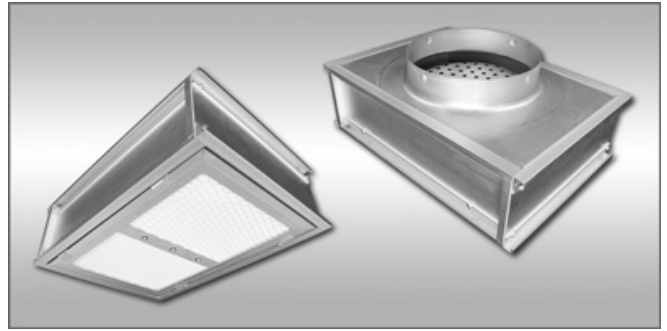

Radial Flow Diffusers

- **HCR** High Capacity Radial Diffuser
- **HCRF** High Capacity Radial Diffusers with HEPA Filter

HEPA Filter Modules

- **MVPH** Room Side Replaceable Terminal Filter Ceiling Module
- **FFU-2** Fan Filter Module

Ceiling Grid System

- **THD-1500** Ceiling Grid System, 1-1/2" T-Beams

Stainless Steel Grilles & Registers

- **10/15/20/25** Single and Double Deflection
- **SSB** Linear Bar Type
- **1C** Curved Blade
- **30/35** Return
- **GC5** Grid Core

Filter Grilles

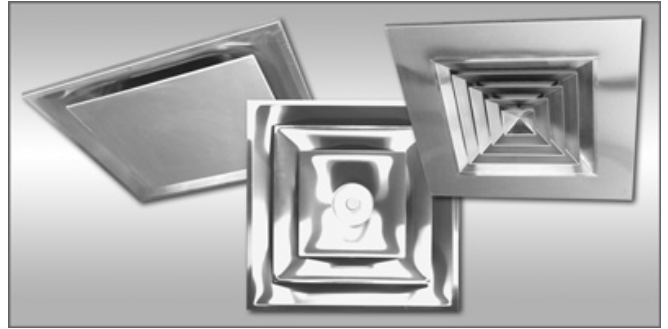

- **F30** 3/4" Blade Spacing
- **FE30** Enhanced Capacity, 3/4" Blade Spacing
- **F35** 1/2" Blade Spacing
- **F3P** Perforated

- **FR3** Aluminum Bar Grille (Roto Core Type)
- **FGC5** Aluminum Grid Core

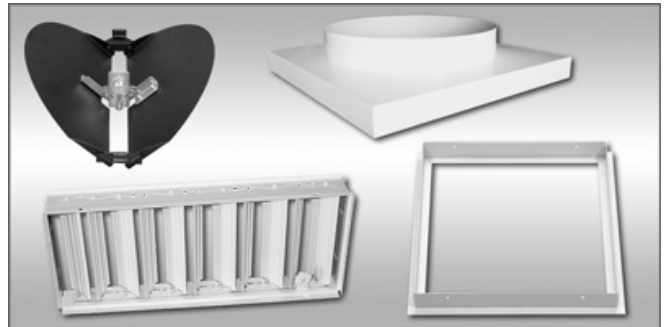

Diffusers - Stainless Steel and All Aluminum Construction (MRI Application)

- **E Diffuser** Square Cone Diffuser
- **D Diffuser** Directional Diffuser
- **PG Paragon** Square Plaque Diffuser

Diffuser Accessories

- **VD** Butterfly Type Volume Control Damper
- **OBD** Opposed Blade Volume Control for Square or Rectangular Duct Installation
- **SRA** Square to Round Adapter
- **TBF** T-Bar Frame

Linear Diffusers

- **Free Flo** Architectural Linear Slot Diffusers
- **Pro Jet** Architectural Linear Slot Diffusers
- **SLAD** Aluminum Linear Slot Diffuser
- **TAZR** Aluminum Linear Slot Diffuser for TechZone Ceilings
- **AD** Air Distribution Plenums

Square Diffusers

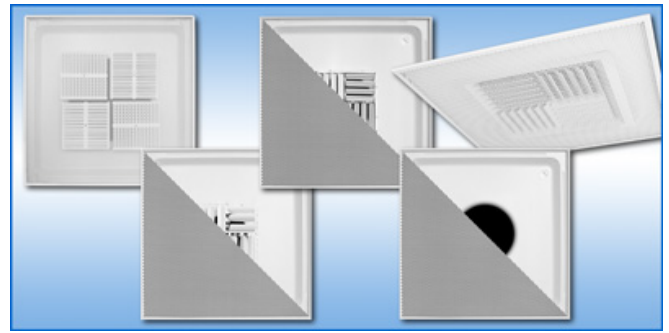

- **PG Paragon** Square Plaque Diffuser
- **PGR** Paragon Round Plaque Diffuser
- **PHV** Combination Horizontal / Vertical Pattern Diffuser
- **D** Directional Diffuser
- **HPX** Induction Diffuser with Mixing Vanes
- **Dx** Induction Diffuser with Nozzles
- **E** Square Cone Diffuser
- **Z** Square 3 Cone Architectural Diffuser
- **QC** Modular Core Diffuser
- **QL** Quad-Line Diffuser
- **DCC** Cassette Diffuser
- **TM** Ceiling Tile Diffuser
- **MAW/MVA** High Capacity Diffusers

Perforated Diffusers

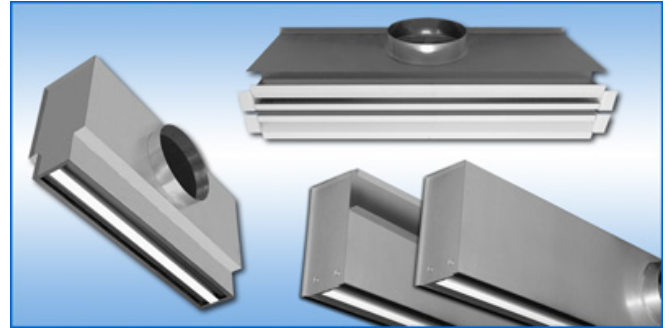

- **CG** Face Mounted Pattern Controllers
- **PD** Stamped Curved Pattern Controllers
- **PDX** RotoThrow Stamped Curved Pattern Controllers with Diagonal Blow Pattern
- **PAC** Modular Core Diffuser with Individually Adjustable Curved Blades
- **QCP** Modular Core Diffuser Square Necks

- **XS-800** Perforated Supply Linear Diffuser
- **3PD** Ducted Ceiling Return, Matches PD
- **3PU** Non-Ducted Ceiling Returns

Plenum Slot Diffusers

- **SCD** Adjustable Plenum Slot Diffuser
- **API** T-Bar Plenum Slot Diffuser
- **SLSD** Steel Linear Plenum Slot Diffuser
- **FD** Fixed Vane Plenum Slot Diffuser
- **FDB** Fixed Vane Plenum Slot Diffuser with Vertical Blow

Circular Diffusers

- **CM-1P** Round Plaque Diffuser
- **CM-1** Fixed, Horizontal Discharge Diffuser
- **VT** Vortech Diffuser
- **C-24** Adjustable Discharge Diffuser with Anti-Smudge Deep Outer Cone
- **C-27** Adjustable Discharge Diffuser with Shallow Outer Cone
- **AR-3** Fixed, Horizontal Discharge Diffuser with High Air Change Rate
- **HU-3** Unit Heater Diffuser for 15'+ Mounting Heights
- **HU-4** Unit Heater Diffuser for 8'-15' Mounting Heights
- **HU-4 with DE-2** HU-4 w/ DE-2 Adjustable Deflector Changes Discharge Pattern From Horizontal To Vertical Projection

VAV Diffusers

- **PvV** Electronic VAV Diffuser
- **AT AnemoTherm** VAV Diffuser

Nozzle - Jet

- **DJ** Diffus-a-Jet Diffusers, Jet and Diffused Air Patterns
- **SPT** Punkah Style Spot Diffuser

- **IJ Infini-Jet**
- **EJ EcoJet**

Drum Louvers
Drum Louvers for Spiral Duct Applications

Accessories

- **OBD** Opposed Blade Volume Control for Square or Rectangular Duct Installation
- **VD** Butterfly Type Volume Control Damper
- **BTD** Bow Tie Radial Damper
- **SRA** Square to Round Adapter
- **TBF** T-Bar Frame
- **ED** Equalizing Deflector for Square or Rectangular Duct Installation
- **LD** Louver Damper
- **COB** Opposed Blade Volume Control for Round Duct Installation
- **CED** Equalizing Deflector for Round Duct Installation
- **DE-2** Deflector Used with HU-4 Circular Diffusers for Pattern Adjustability
- **DT** Extractors

Supply Grilles & Registers

- **10** Single Deflection
- **20** Double Deflection
- **ECO** Spiral Duct
- **HALO** Round Double Deflection
- **1C** Curved Blade

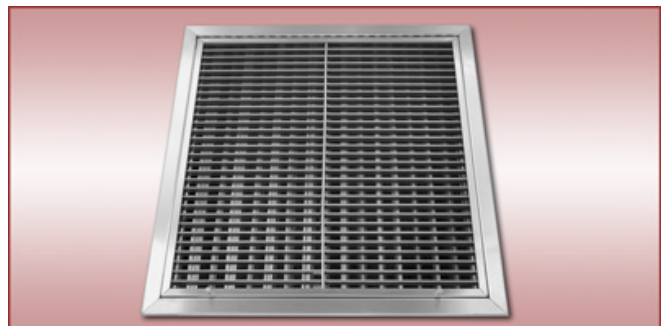

Return Grilles & Registers

- **30** Louvered - 3/4" Blade Spacing
- **35** Louvered - 1/2" Blade Spacing
- **AC** Louvered - Narrow Border - Suspended Ceiling Systems
- **E30** Louvered - Enhanced Capacity 3/4" Blade Spacing
- **GC** Grid Core
- **3P** Perforated

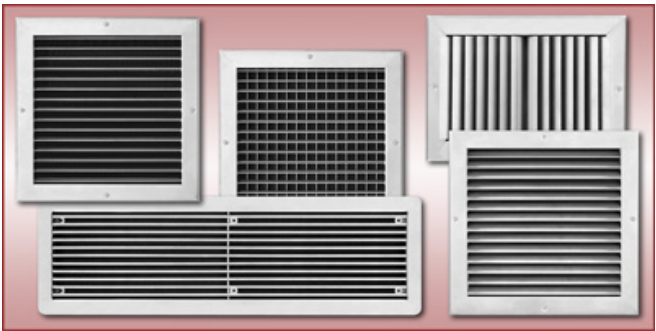

Filter Grilles

- **F30** 3/4" Blade Spacing
- **FE30** Enhanced Capacity, 3/4" Blade Spacing
- **F35** 1/2" Blade Spacing
- **F3P** Perforated
- **FR3** Aluminum Bar Grille (Roto Core Type)
- **FGC5** Aluminum Grid Core

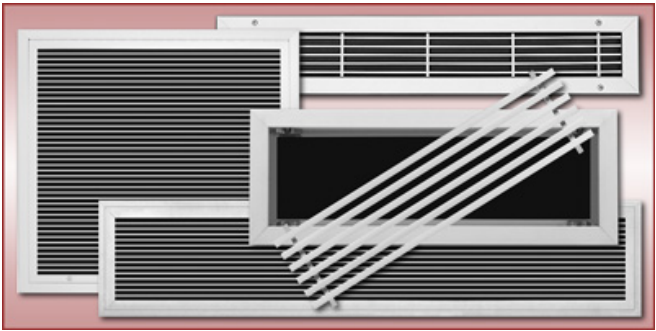

Stainless Steel Grilles & Registers

- **10 / 20** Single and Double Deflection
- **SSB** Linear Bar Type
- **SS1C** Curved Blade
- **SS3** Return
- **SSGC5** Grid Core

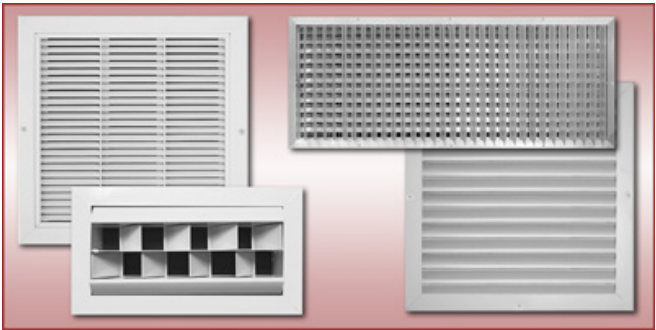

Extruded Aluminum Linear Bar Grilles & Registers

- **Airline** Airline Grilles & Registers
- **Rotocore** Rotocore Double Deflection Grilles & Registers

Specialty Grilles & Registers

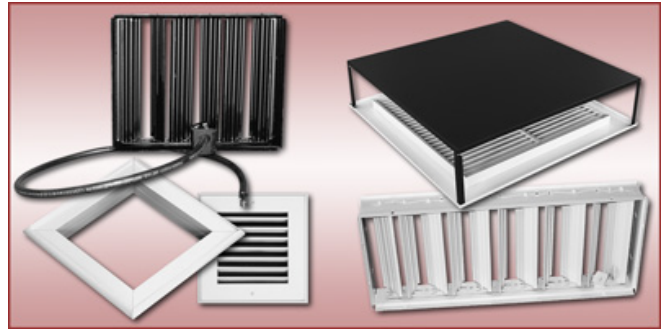

- **Heavy Duty Grilles & Registers**
- **IJ** Infini-Jet Drum Louver
- **Door Grilles & Louvers**
- **Textile & Industrial Grilles**
- **SAG** Stamped Architectural Grilles

Accessories

- **OBD** Opposed Blade Volume Control for Square or Rectangular Duct Installation
- **RC** Removable Core Frame
- **SRA** Square to Round Adapter
- **TBF** T-Bar Frame

- **ED** Equalizing Deflector for Square or Rectangular Duct Installation
- **DT** Extractors
- **LS** Light Shield
- **RSA** Return Sound Attenuator
- **DR** Diverter / Scoop Damper for Grilles Installed on the side / bottom of duct

Stainless Steel S-Vent®

- **SV22** Extra Heavy Duty Grille with **3/16" x 3/16" Openings**
- **SV23** Extra Heavy Duty Grille with **7/16" x 3/16" Openings**
- **SV26** Extra Heavy Duty Grille with **2" (nom.) x 3/16" Openings**
- **SV42** Extra Heavy Duty Grille with **3/16" x 3/16" Openings**
- **SV432** Directional Ceiling Diffuser / Sidewall Grille without **Face Plate Deflection**

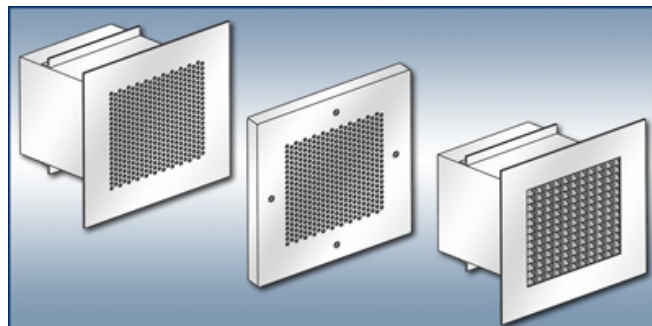

S-Vent® (Steel Construction)

- **SV2** Extra Heavy Duty Grille with **3/16" x 3/16" Openings**
- **SV3** Extra Heavy Duty Grille with **7/16" x 3/16" Openings**
- **SV6** Extra Heavy Duty Grille with **2" (nom.) x 3/16" Openings**
- **SV432** Directional Ceiling Diffuser / Sidewall Grille without **Face Plate Deflection**

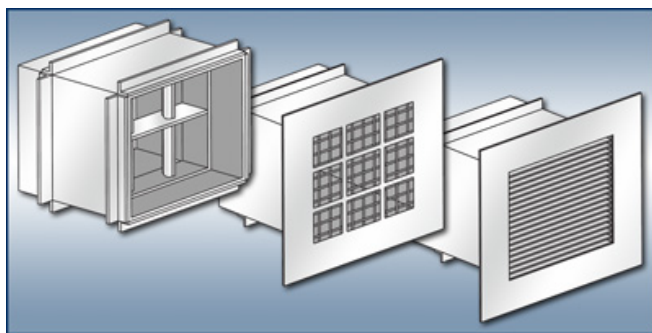

Conventional Risk Resistant

- **RRSG** Extra Heavy Duty Grille with **Steel Perforated Face Plate(s)**
- **RRFP** Extra Heavy Duty **Steel Removable Perforated Face Plate(s)**
- **RRMX** Extra Heavy Duty Grille with **Removable Steel Perforated Face Plate(s)**
- **RRFG** Extra Heavy Duty **Filter** Grille with **Removable Steel Perforated Face Plate(s)**
- **RRLG** Extra Heavy Duty Grille
- **ASSG-RR** Extra Heavy Duty Grille with **Steel Perforated Face Plate**

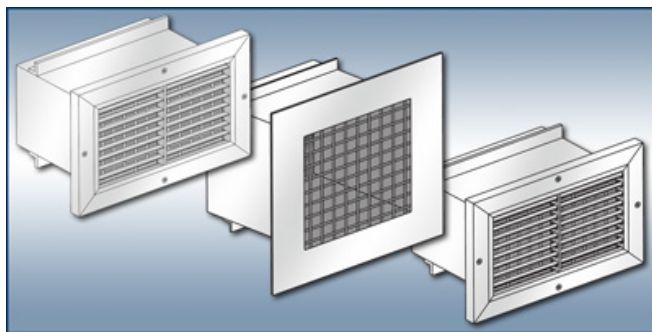

Maximum Security

- **ADBG** Extra Heavy Duty **Duct Barrier Grille**
- **ADBG-DR** Extra Heavy Duty **Duct Barrier Grille**
- **ADBG -TR** **High Tensile Steel (ADBG-DR)**
Heat Treated Steel (ADBG-TR)
- **ASSG** Extra Heavy Duty Grille with **Steel Perforated Face**
- **AMXS** Extra Heavy Duty **Lattice Face Grille** with **Steel Woven Mesh**
- **ASLG** Heavy Duty Steel Grille with **Fixed Louvers**
- **ASTG** Extra Heavy Duty Grille with **Steel Perforated Face**

Medium Security

- **HD15-MS** Heavy Duty Steel Grille with **Fixed or Adjustable Louvers**
- **HD35-MS** Heavy Duty Steel Grille with **Fixed Louvers**
- **AMSG** Heavy Duty Grille with **Steel Woven Mesh Face**

Minimum Security

- **ASFP** Steel Lattice Face Plate
- **S1-MS** Single / Double Deflection Grille with Lattice Face Plate
- **S2-MS**
- **HD3-MS** Steel Louver Grille
- **SGAL** Aluminum Louver Grille
- **SGSDF** Directional Diffuser with Lattice Face Plate
- **PLD-MS** Directional Diffuser with Perforated Face Plate for Snap-In Ceilings
- **QC-MS** Modular Core Diffuser with Lattice Face Plate
- **PLSL** Door Louver Non-Vision Inverted Split "Y" with Lattice Face Plate
- **FLDL-UL-SG** Fusible Link Door Louver with Lattice Face Plate(s)
